## To find a major CGPA:

Add grade points awarded for all PSYC courses taken. This is on your transcript.

Write that total Here \_\_\_\_\_

Add the number of credits ATTEMPTED (this is the first column... NOT credits earned) for all PSYC courses taken. Write that total here \_\_\_\_\_

Divide the total grade points awarded by the total number of credits attempted.

That is your major CGPA.

Please see the details of the mandatory internship policy in the catalog and consult your department for further information.
